Video: How to crack a program without HWID authentication (Bypass HWID Authentication) Â . Safengine Protector 2.4.0.0 Cracked. Safengine Protector 2.4.0.0 Cracked. My knowledge of ISO are not as good as i'm sure others can do this in less time. If anyone could provide any advises that would be greatly appreciated. EDIT Just to share how i did that via automated method in less time, though i cannot say for sure if this is best way to protect your virtual machine. Step 1 Run the program and install properly, search for the folder "...\\Proctor" and find all files called xxxxx-proctor (xxxxx being the first number of your protected program, which should be cracked). Step 2 Open the folder where all these files are located and open one which name is xxxxx-proctor, where xxxxx is the first number of your protected program. Step 3 Open the file called batch file proctor-assist.bat Step 4 Add the following parameters: xxxxxx is a unique key for your ISO, most of the time this might be "a7f0c59e-d8af-4b22-b6a0-19d3c281222e", but most of the time it is unique and only with your protected program. xxxxx is the name of the protected program. xxxxx-proctor is the name of the protected ISO. You might have to add more if you are having more protected programs Add the following line of code in between the two lines that says : CRACK ME  
CHEAT THIS IS AN AVI xxxxx-proctor..... /s /w xxxx -proctor
